

ACERT

Business Proposal

Proposal for International
Courses in Association
With

**American Council for
Education Research &
Training (ACERT)**

Dear Sir/Ms

American Council for Education Research & Training is pleased to present this educational association proposal for your review.

ACERT's association will help you to focus on improving the quality of student learning and will provide an opportunity of mutual recognition arrangements between regional association bodies. It will contribute to a more positive review by regional accreditors and provide prestige and credibility to your institution.

ACERT is a non-profit, internationally recognized and independent association body working to improve educational standards globally. American Council for Education, Research and Training (ACERT) is dedicated to imparting and facilitating education at macro and micro level around the world, especially American education in developing countries. Moved by the aspirations of its visionaries, ACERT counsels and guides students while provides training, consultancy and resources to schools, colleges, enterprises and various other bodies.

This association proposal is designed to provide information on why you should choose ACERT for association and the details of the ACERT's association process to help your institution acquire international association status from ACERT.

Please review the proposal and should you have any concerns, please don't hesitate to contact the under signed.

Warm Regards

CA Rizwan Khan

About Us

American Council for Education, Research and Training (ACERT) is dedicated to imparting and facilitating education at macro and micro level around the world, especially American education in developing countries. Moved by the aspirations of its visionaries, ACERT counsels and guides students while provides training, consultancy and resources to schools, colleges, enterprises and various other bodies.

ACERT operates through its three divisions. These are; Placement for human resource solutions, Global for consulting and Education for all education related activities.

It encourages R & D in education for various countries' education systems, provides resources and guidance to scholars, partners with various governments across the globe to improve quality of education at school and higher levels. ACERT organizes workshops and lectures to full-fledged training for schools and companies. It also provides planning, implementation, certification and evaluation at various levels in Information Technology.

The Council aspires and extends a helping hand to the underprivileged of the society, gives scholarships by collaborating with various sponsors. Those interested in joining forces to bring a change in lives of many can team up with us

in several ways, right from active participation to collaboration.

ACERT covers streams like IT, business and management, accounting and commerce, special customized programs and much more. With a large number of centers across the globe, ACERT aspires to fulfill people's dreams of getting technical and managerial education even later in their lives. Various institutes and enterprises can benefit from ACERT by hiring its services for techno-managerial training across various fields.

ACERT strives to bridge the gap between market requirement and skill-set acquired by the pupil in the course of education by providing resources and guidance.

Objectives

Take education to each and every person on this planet, irrespective of geographic boundaries, financial challenges, sex, political boundaries, culture, religion, and all other limitations that narrow the scope of education.

Provide resources to downtrodden and underprivileged for improving their education levels.

Provide a platform to those who want to contribute to the society directly or indirectly.

Vision

To improve the quality of education at school and higher levels, take education beyond boundaries, make it available at reasonable cost, provide opportunities and resources to underprivileged.

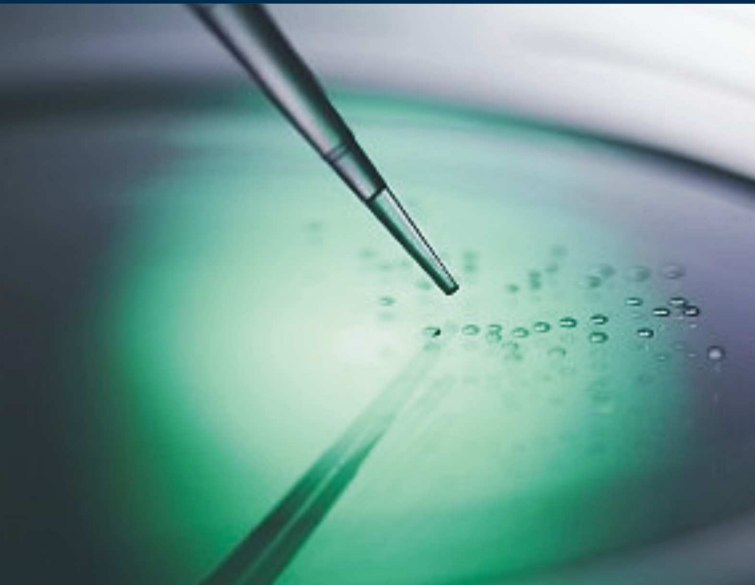

Guide companies on path of growth and development by providing them right consultancy. To put to use their resources to reap best output and help them strategize, train, plan and implement.

We envision decreasing the gap between skills acquired by students in the course of study and market requirement so that they are job-ready after graduation. Give training that is relevant and not outdated, which fosters innovation and creativity instead of just producing well-versed professionals.

Provide human resource solutions, thus taking the right candidates to their rightly deserved positions.

Mission

Our mission is to “empower the world through education and training.

We are achieving this by:

- Improving the quality of education.
- Bridging the gap between training and industry requirement .
- By preparing students for future.
- Overcoming the limitations imposed by geography, race, sex and religions.
- Improving the quality of education at school and higher education level
- Sharing knowledge through lectures, interactions, workshops, seminars etc
- Giving opportunity and resources to underprivileged

Milestones

Small businesses, institutes, and enterprises can associate with us for validation, certification, and learning the needs of a center. Such enterprises need to deal with a lot of challenges related to human skills.

Sometimes the workforce isn't sufficiently computer-savvy, or at other times they lack communication skills and so on. At various occasions, employees and associates want to learn new skills and add weight to their resume by learning new technology.

To meet these shortcomings and aspirations of employees, associates and organizations, we offer various certifications, validation and learning-centre solutions.

ACERT

Learning Center

We provide regular and customized programs to meet your requirement for training to your associates or employees in the field of business and management, information technology, accounting and commerce and other streams. The mode of examination could be physical or online.

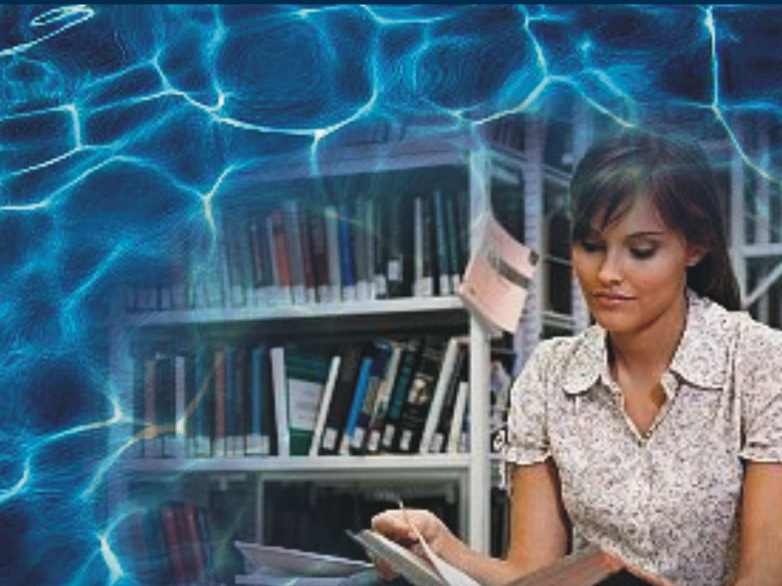

What is a learning centre?

A Learning-center is a place of knowledge for your organization and its registered students. We provide education in accounting and commerce, business and management, information technology and various other streams at your convenience. You can avail of our guidance, counselling, course content, and a lot more by associating with our learning center

How Does it Work?

Learning Center is necessarily a resource for knowledge. Following are the main points of our learning center:

- We design and develop the Curriculum
- Course content will be provided by us
- Students will be required to study certain topics or subjects for stipulated period of time
- Students will have to register
- Students need to pay fee as mentioned Benefits
- Learning center will help your Students learn in-house rather than looking for solutions outside of your company or enterprise.
- ACERT will help them add skills to their present competence, thus increasing their overall personality and utility. The company can promote them based on these qualifications to meet the corporate standards and other norms.
- Certification will fulfil the need of your associates and employees to add value to their profile or resumes.
- More people will look for a long-term career with you because their educational needs would be satisfied in-house itself.

Eligibility

All enterprises that want to associate with us must fulfil minimum following requirements:

- Have a registered office.
- Should be recognized by the government.
- Should be in operation for at least 3 years at the time of applying.
- Should have an audited account.

Apart from this, our regional team will verify the information provided by you before moving ahead with the collaboration.

ACERT's association will serve the interests of companies, agencies, and the public through the establishment of standards, policies, and procedures in conjunction with an objective evaluation designed to identify and inspire sound education and training practices. Once your institution will partner with ACERT, this will reflect the latter's commitment to high standards of education and accountability.

ACERT's association standards for your institute are intended to:

1. Foster excellence in education through the development of criteria and guidelines for assessing educational effectiveness
2. Encourage institution's improvement of educational endeavors through continuous self-study and evaluation
3. Ensure the confidence of educational community, the general public, and other agencies or organizations' educational universities.

Advantages

Association with ACERT is a symbol of quality, and being associated with ACERT, your organization will enjoy numerous advantages.

Your organization will be entitled to the following benefits after getting association from ACERT:

Respect, Recognition and Credibility

ACERT's association gives an assurance that the educational program and procedures of your institute are satisfactory and the students' certificate will have a reputed US based council's tag to it.

Regional Association

ACERT's association can provide assistance to get your institution regionally accredited by ACERT's partner agencies thus expanding your student base. You can also benefit from incoming and outgoing international student transfers and improve their credentials and international exposure.

Financial Aid Opportunities

Your institution may possibly gain eligibility for the participation of itself and its students in certain programs of governmental aid for post secondary education.

Professional Development Opportunities

ACERT's association provides a unique opportunity for your institution's staff members to serve on accrediting examining committees visiting other universities.

Association Fee For Learning Center

ACERT charges association fee of USD \$ 800.00 (Eight hundred US dollars only) for validity of three years.

Recommendations

ACERT's Evaluation Commission will periodically send its publications, recommendations and suggestions to your institution. The main purpose of these publications and recommendations is to keep you updated on the latest developments pertaining to the association standards around the world to help maintain and enhance your educational practices and standards.
